

AC AND HEAT FOR BARNNS

6 PASTURES WINCHESTER, VA

"An August wedding can be extremely hot and uncomfortable for guests and vendors, so we reached out to AirPac for assistance...Understanding that we did not want the units to be an eyesore, they provided the most discrete option that provided the most maximum comfort in our barn venue...AirPac went the extra mile providing UVC germicidal lights inside each unit that has been shown to reduce airborne viruses We can not thank Tina and the AirPac team enough! Everyone enjoyed themselves in a perfect cool and safe setting."

"We sure do love working with the AirPac team for these winter events! The barn was heated very well and the cooks tent was nice and toasty. We absolutely appreciate the hard work and dedication AirPac has to their clients and we have a sense of relief when they're around."

TRANQUILITY FARM

PURCELLVILLE, VA

"They are extremely accommodating, organized, and provide an amazing service! They worked very well with all of our vendors, but were especially accommodating to the owners of Tranquility. I highly recommend them and would use them again. Don't bother getting estimates from other vendors; just go with AirPac, and check this off your list!"

BRANDY HILL

CULPEPER, VA

"Not only was the barn cool but it looked beautiful, the units blended in and were silent. My 85 year old grandmother stayed until the very end - that's how cool it was. My husband (not a dancer) danced with his jacket on all night. I did get hot, but not because the AC didn't work, but because everyone was dancing so much it was like a workout class...Yes it was a financial investment and it did put us over our budget, but this is a fact - if we had not hired AirPac our guests would have been miserable, they wouldn't have danced and they would have left early. IT WAS ABSOLUTELY WORTH IT."

BLUE MOUNTAIN LODGE

LINDEN, VA

"We hired AirPac for my daughter's wedding in August at Blue Mountain Lodge and they did a great job keeping the venue cool and comfortable. The units were clean, efficient and quiet. I would definitely recommend this company if you want reliable and professional service!"

CHANTECLAIRE FARM

FRIENDSVILLE, MD

"Brides, grooms and parents...AirPac knows what they are doing. Family run business which cares about their clients. I run our family business and appreciated the manner in which the communication and execution of the job was handled. Most importantly the people who handled the installation and take down were on site on time and took care of everything. The air conditioners were a perfect match to the barn decor and were very quiet."

EAST LYNN FARM

ROUND HILL, VA

If I ever have an event requiring heating or cooling again, I would not hesitate to hire AirPac to take care of all my heating/cooling needs. You will not find anyone more committed to customer service than Tina and Marlin."
